4. **4 he had been running**
5. **5 had been waiting**

**4 True for you**

---

1. **1 past participle after had**
2. **2 -ing form after had been**

Typical errors: 'had been + past participle' ('had been arrived'); 'had been + base form'; present perfect instead of past perfect ('has been running'); forgetting that *already* and *just* go between had and the participle. Spanish speakers often use the pretérito pluscuamperfecto for any earlier action: in English past simple is fine when the order is clear.
