Student sheet is one A4 sheet, double-sided.

1 Circle

1. **mustn't (forbidden)**
2. **ought to (advice)**
3. **managed to (past achievement: not *could*)**
4. **will be able to**
5. **capable (capable of + -ing; *able of* is impossible)**
6. **must (he wears the scarf, so we are sure)**
7. **might ("I'm not sure")**
8. **may (giving permission, formal)**

2 Rewrite

1. **might be**

3. **must be**
4. **are supposed to be**
5. **managed to finish**
6. **aren't allowed to (also: are not allowed to, 're not allowed to; *aren't supposed to* accepted)**

3 Error hunt

1. **In the exam, you mustn't use a dictionary. (also: *don't have to* if the meaning is 'not necessary'; accept, but point out the difference)**
2. **Jordi managed to fix the problem.**
3. **Clara is capable of speaking four languages. (also: able to speak)**
4. **After many attempts, I managed to / was able to pass my driving test. (*could* is wrong for one past achievement)**
5. **You ought to phone your sister.**

4 Own sentences

1. **Check: *not allowed to / mustn't* + base verb; *ought to* + base verb.**

Typical Spanish-speaker errors: *don't must* (no tengo que / no debo), *capable to* (capaz de), *managed to fixing*, *could* for a single past success (pude), and *ought* without *to*. *Mustn't* is prohibition, not 'no hace falta'.
