Wednesday 23 September 2026, 15:45–17:15 (1h30)

New Close-up B1, Unit 1 · Perfect for the job · SB p8 ex.2–3, p9, p10

Updated 23 Sep, after Hugo's call: listening goes in today after all. Two changes from the 16 Sep plan, plus a third made this morning. (1) Zoe joins the group today, six students from now on. (2) 16 Sep's own run sheet planned vocab + grammar + Arcade + board game + play in 90 minutes and only reached the warmer, Jobs (ex.1) and Arcade. Today repeats that scope (p8 ex.2–3, all of p9, Arcade) rather than adding more. (3) Hugo asked for SB p10 listening today rather than waiting for 30 Sep. It fits without cutting the vocab, grammar or Arcade blocks by moving Zoe's Level Ladder Part 1 out of class and into her homework (it's low-stakes, 6 items, doesn't need supervision) and trimming the wrap-up from 15 to 8 minutes. Speaking (p11), the play and the board game still stay on 30 Sep.

At a glance. Six students today: Álvaro, Alejandra, Maya, Valeria, Sergio, and Zoe (new). Target language: **personality adjectives** (SB p8 ex.2–3, carried over from 16 Sep), **present simple vs continuous + stative verbs** (SB p9, first exposure for the original five: 4 of 5 missed this exact contrast on the diagnostic), and now **SB p10 listening** too. Grammar slides: [PETI_Unit1_Grammar_PresentSimpleStative_23Sep2026.html](#) (click through with arrow keys). Zoe's sheet: [PETI_Zoe_Welcome_23Sep2026.html](#) (Part 1 now homework, not class). Somerset Arcade file: [units/pet1-u01.js](#) (already built 16 Sep, questions already mix jobs, personality adjectives and today's grammar). Listening: [PETI_Unit1_Listening_23Sep2026_TEACHER.html](#) (tracks 1.2, 1.3, 1.4).

Running order

Time	Block	What happens
15:45–15:55 10 min	1. Welcome Zoe + vocab warm-up	Zoe does the First Day sheet (Task 1, personal questions) one-to-one while the other five do SB p8 ex.2 (personality adjectives gap-fill) individually.
15:55–16:10 15 min	2. Vocabulary: personality adjectives	Correct ex.2 as a class, Zoe listens in. Do ex.3 (camera-operator text) individually then check. Quick intros: Zoe hears two things about each of the other five from their Task 1 answers.
16:10–16:35 25 min	3. Grammar: present simple vs continuous + stative verbs	Grammar slides (new deck), then Booklet pp.2–4 (Grammar spotlight, Exercises C, D, E), carried over from 16 Sep. First exposure for everyone, including Zoe.
16:35–16:50 15 min	4. Somerset Arcade: Point Grab	Whole-class review of today's vocab and grammar, six students now: consider 2 teams of 3 instead of the old trio + pair.
16:50–17:07 17 min	5. Listening: SB p10	Tracks 1.2, 1.3 and the Exam Task (1.4), straight from the book. Skips SB p10 ex.1, jobs are already known.
17:07–17:15 8 min	6. Wrap-up + homework	Set Zoe's Level Ladder Part 1, any unfinished Booklet exercises, and tell the group what's next: speaking, the play and the board game, 30 Sep.

1. Welcome Zoe + vocab warm-up · 10 min

Materials: PETI_Zoe_Welcome_23Sep2026.html (Zoe only), Booklet p.1 ex.2 (the rest).

Sit Zoe near you or a friendly student and hand her the First Day sheet, Task 1 only (12 quick personal questions) so she's productively occupied while you start the other five on SB p8 ex.2. Her Level Ladder Part 1 is homework today, not class time, see Block 6.

The other five work SB p8 ex.2 alone: gap-fill with 12 personality adjectives in pairs (generous/hard-working, nervous/relaxed, sociable/unkind, reliable/lazy, confident/patient, miserable/cheerful).

2. Vocabulary: personality adjectives · 15 min

Materials: SB/Booklet p8 ex.2–3. Teacher's book answers: ex.2: hard-working, patient, dangerous, nervous, calm, reliable; ex.3 (camera-operator text): sociable, honest, careful.

Correct ex.2 as a class first. Use this as the moment to bring Zoe in: for each adjective, ask one of the five “who in this room is like that?” and let them mention Zoe once they've heard her Task 1 answers, natural, low-pressure integration rather than a formal round of introductions.

Ex.3: the text about a wildlife camera operator filming a lion, gap-filled with personality words. Students complete individually, check in pairs, feedback as a class. Ask what job in **Valencia** needs the same qualities (a Bombers de València firefighter: careful and calm; a Ruzafa market stallholder: sociable and honest).

3. Grammar: present simple vs present continuous, stative verbs · 25 min

Materials: PETI_Unit1_Grammar_PresentSimpleStative_23Sep2026.html (5 slides, click through), Booklet pp.2–4 (Grammar spotlight, Exercises C, D, E), carried over unused from 16 Sep.

Still first exposure, not review. 4 of 5 original students missed the diagnostic's present-simple-vs-continuous item; treat it that way even though this is technically the second week on it.

Slides (10 min). Habit-or-right-now contrast, present simple uses, present continuous uses, then the stative verbs slide (four categories plus the six contrast pairs, e.g. *I have a great bike* vs *he's having dinner*). Slide 5 gives you the p9 Exercise 3–5 answer key on screen if you want to correct there instead of the book.

Controlled + freer practice (15 min). Booklet Grammar spotlight then Exercises C (usually...but this week), D (stative-verb correction), E (three sentences said aloud in pairs/trios). Same grouping note as 16 Sep: keep Alejandra with Álvaro and Sergio rather than the Maya/Valeria/Alejandra friendship trio, so the two lowest diagnostic scorers aren't paired alone. Fold Zoe into whichever group is smaller once she's back from Task 1.

4. Somerset Arcade: Point Grab · 15 min

Materials: laptop + projector, [somerset-arcade/index.html](#), unit pet1-u01 (already includes today's vocab and grammar questions).

Six students now: 2 teams of 3 is the cleaner split than the old 3+2 handicap setup. Paste all six names into Teams, Shuffle, no handicap needed since the teams are even.

Play Point Grab straight through, same file as 16 Sep, the questions already cover jobs, personality adjectives, present simple/continuous and stative verbs.

5. Listening: SB p10 · 17 min

Materials: PETI_Unit1_Listening_23Sep2026.html (student), PETI_Unit1_Listening_23Sep2026_TEACHER.html (answers + track notes). Audio: [_source-books/new-close-up-b1/Audios libro/Unit 1/NCU3e_B1_SB_BrE_1_2.mp3](#), [_1_3.mp3](#), [_1_4.mp3](#).

Added today on Hugo's call, not in the original 16 Sep plan. Skips SB p10 ex.1 (guessing the three jobs from photos), that's redundant, jobs were covered 16 Sep. Straight into ex.2 (track 1.2, six sentences), ex.3 (track 1.3, three speakers), then the Exam Task (track 1.4, six multiple-choice-with-pictures, played twice each, the real PET format). Full timing and answers in the TEACHER sheet.

Closes with one Valencia line built into the sheet: which of the three jobs (hairdresser, firefighter, cook) they'd actually want to do here, said aloud in pairs, no writing.

6. Wrap-up + homework · 8 min

Trimmed today to make room for listening, the round of flagged grammar questions moves to 30 Sep instead. Set: Zoe's Level Ladder Part 1 ([PETI_Zoe_Welcome_23Sep2026.html](#), 6 items, low-stakes, fine unsupervised) as her homework, plus any unfinished Booklet exercises (C/D/E) for everyone. Tell the group what's coming 30 Sep: SB p11 speaking (interview), the play *The interview at the Ciutat*, and the *El Mercat de los Trabajos* board game, all still unused and ready.

After class

Dictate a JOURNAL.md entry: how Zoe's first day went, whether Block 3 (grammar) actually finished this time or carries over again, whether the listening block ran to time now that it's replacing the old wrap-up discussion, and Zoe's Part 1 diagnostic score once she's handed it in. If grammar still doesn't finish, that's two sessions running behind the pacing plan and UNIT1_PLAN.md's later dates may need pushing back, not just this week's.
