Skipped on purpose: SB p10 Exercise 1 (guess the jobs from three photos) is not needed, jobs vocabulary was covered 16 Sep. Straight into the listening. Exercise 4 (predicting from the Exam Task pictures) is folded into the tip box, not run as a separate step, to keep this to 17 minutes.

1. Six sentences • Track 1.2 • ~3 min

Play once. If needed, a second time.

Answers: 1 **firefighter** 2 **cook** 3 **hairstylist** 4 **cook** 5 **hairstylist** 6 **firefighter**

2. Three speakers • Track 1.3 • ~3 min

Answers: Speaker 1 **firefighter** (shifts, night work, an emergency call) Speaker 2 **cook** (a cooking course, a café) Speaker 3 **hairstylist** (an answerphone message about booking a haircut)

3. Exam Task • Track 1.4 • ~8–9 min

Remind the group: read the question and look at the three pictures before each one plays, and every item plays twice. This is the real PET exam format, treat it like the real thing.

Answers: 1 **B** 2 **C** 3 **A** 4 **A** 5 **B** 6 **A**

Item 4 catches people out: Brighton is where Sophie's family live now (present), London is where they're *going to* move (future), Oxford is only where they're originally from.

Valencia close (~2 min). Quick pair share: which of the three jobs would they want to do in Valencia, and why. No writing, just said aloud, this is the session's Valencia/Spain reference.
